

Hard Top Drum & IBC bund covers

Designed to suit Spill Crew drum & IBC bunds

APPLICATION

These hard top bund and IBC covers keep contents secure and prevents rain and dirt entering the bund area. These covers are made from heavy duty polyethylene and feature roller doors which allow access from both sides.

Features:

- Rotationally-moulded corrosion-resistant polyethylene
- Lockable roller doors (dual access)
- Moulded tie down lugs
- Stainless steel H bar
- Supplied flat-packed for assembly on site
- Designed and manufactured in Australia
